

(EOS Power formerly known as CPIPL)

EOS honored with “**ELCINA-Dun & Bradstreet Award**” for
Excellence in Environmental management system- 2009

This award is the recognition of CPIPL’s significant and measurable contributions towards adaptation of innovative technologies, practices that substantially prevent, reduce or eliminate environmental pollution, conservation of natural resources, product reformulation to use eco friendly materials and modified processes to reduce pollution. Over a period, CPIPL has shown high degree of commitment towards Quality and Environment Management right from the top level and along with the employees achieved its environmental vision successfully.

This award was received by Mr. Vijay Gujarathi, Vice president (Operations) in New Delhi by Chief guest Mr. A. Raja, Union Minister for Communications & IT on Sept 18th 2009.

It’s CPIPL’s third consecutive award in last two years:

- Excellence in Quality Management system-2008
- Asia Manufacturing Excellence Award - 2008
- Excellence in Environment Management system-2009

CPIPL management appreciates efforts put in by the employees towards journey of excellence.
