

## **EOS Power appointed TUV Rheinland as its New certification body for ISO 9001 & ISO 14001.**

**Mumbai, India, July 5, 2011**

EOS believes that a good CB can be a valuable partner and useful resource in maintaining and improving client's management systems. Also long-term relationship with a CB will certainly hinge on the degree of understanding and comfort level one has with CB.

With the view to fulfill organization needs, a CB with a reputation for providing a high standard of expertise, support and flexibility in terms of scheduling has been appointed by EOS.

In July 2011, EOS has switched to TUV Rheinland for its certification services.
