

EOS welcomes Teresa Fernandez to new EMEA Sales Team!

Teresa Fernandez is the new EOS Power Sales Support and EMEA Manager for Europe

EOS Power - The leading manufacturer of small and easy to modify AC/DC power supplies, based in Mumbai (India) has assigned the energetic International Sales Professional Teresa Fernandez to the critical post of EMEA Manager. Teresa brings more than 15 years of experience as channel manager in the Electrical/ Electronic Manufacturing Industry.

Teresa Fernandez has worked with Socomec Iberia and Cosel Power on products related to AC/DC and DC/DC power supplies for many years. Her roles have been business development manager, account discovery, managing large international key accounts, client support, as well as consolidating forecasts and developing strong project funnels.

Teresa, a passionate cyclist and outdoor-person, grew up in Spain and is now living and working in Frankfurt Germany with her family for two years. She supports English, Spanish, Italian and some French and German speaking clients and will mainly focus on Southern Europe and the UK markets. EOS Power is expanding its sales force to accommodate more talented people to lead the way for new growth and leadership positioning in the market. Ralph Bischoff, Director of EOS Power: "We are excited to have Teresa on board with us as her qualifications and experience will complement and meet the expectations of our European customers. Teresa will facilitate and provide strong support in close cooperation with the "world class" factory design and manufacturing teams in Mumbai."
